**Northern California Region Newsletter
Volume 110 Number 04 April 2009**

Message From The President

I hate to sound like a broken record, but if you have not renewed your membership this maybe your last Newsletter. For members who have not sent in there renewal, you will receive a second and final notice. Please fill it out and return it ASAP, it's money well spent. Renewal forms are also available on the internet at www.clnorcal.com or contact me and I will mail you one.

**Renew thy
membership!**

Has anyone out there sold or purchased any Cadillacs or LaSalles? Have any interesting car stories to tell? Found a really good mechanic or body man? Built a new garage or remodeled your old garage? How about letting our newsletter editor (Charles Thompson) know. We all appreciate a good story. I have almost finished a 6 month enlarging and remodeling of my garage into an old car showroom. As soon as it's finished I will have a good story to tell in future newsletters.

The registration form has changed for the Grand National to be held in Las Vegas June 17-20. You can access the form at <http://www.lasvegasccl.org/09grand.htm>, or you can ask Don Barnes or Charles Thompson to print and mail to you via U.S. Mail.

Check the calendar of events, pick something that sounds interesting, and I will to see there.

VOLUNTEER NEEDED

**1 OR 2 MEN FROM THE NOR CAL REGION WITH AN AVAILABLE
LARGE TRAILER OR CARGO VAN!**

We expect a larger than usual group at the Portal Park BBQ this year, due to several other marques joining us for our event. In order to accommodate these additional folks and have tables and chairs for them to eat comfortably in the shade, we will need to rent them.

Since Sunday pickup and delivery by the rental companies is unbelievably expensive, we are looking for someone who can pickup 10 large round tables, and 80 chairs at the rental place (SJ or SC), store them until Sunday, and then deliver them to Portal Park on Sunday morning. They will then have to be returned to the rental place on Monday morning. We will have help at the park to unload and setup the tables, and also to reload them into the transport vehicle in the afternoon.

Please let me know if you can help the NorCal Region out on this!

Many thanks ---- Fred Bausch 650/592-9159 freds29lasalle@comcast.net

A Word From The Tour Director

Things are getting busier as spring approaches, although I hope we get a lot more rain.... at this point, it's more important than keeping the car dry. At our March board meeting we discussed trying out a new feature in the newsletter and the possibility of a guest club co-hosting at Portal Park. We'll be posting the board meeting minutes quarterly after each board meeting. Also, try checking out our website for some design changes and improved navigation.

On Sunday, April 5th, in appreciation of new members who've joined in 2008, Jeff and Jeanene Nielsen hosted a high tea at The English Rose in San Carlos, along with a walking tour to Fred Bausch' Clocksmith and the new Specialty Sales Collector Car Showroom. For those disinclined to huff and puff the couple of blocks down the street, Jeff offered a lift in his English taxi.

In May, the San Juan Bautista driving tour will be headed up by the Bricks and promises to be a relaxed informal day with lunch on your own at one of the many local eateries. There will be plenty to see and do! Later in the month there are at least 4 non-Cad car shows to tickle your fancy. Of course, we are gearing up for the June Grand National in Las Vegas and it sounds like a winner, pun intended. At this time, there are 2 different driving tours to get there and of course, you can always fly.

This July, you may be surprised to see we have a co-host club at Portal Park..... Packard. They are combining their annual picnic with ours and it promises to be spectacular. Each year we invite other clubs to return in the spirit of summer reunion so expect to see many marques from previous years including CHVA, Freewheelers, Imperial, Zephyr, Hudson, Studebaker, and the debut of CCCA (Classic). This promises to be an eye-popping assembly, the likes of which we haven't seen outside of the "big shows" like Hillsborough and Palo Alto.

Off in the distance (January 2010), the CLC National Winter Board Meeting will tentatively be held in Oakland (of all places). Prepare to be amazed at the quality of the venue and the opportunity to turn out and represent the Norcal Region, while making Fred Bausch proud. This is still on the drawing board so watch for future announcements.

See you on tour,

Sandy Carrion

San Juan Bautista Tour

Sunday May 3rd 9:30 AM

Please join us for a leisurely tour down Highway 101 to the historic town of San Juan Bautista. We will meet at 9:30 AM at the Holiday Inn at 101 and 1740 North 1st St. in San Jose. The tour will leave at 10:00 AM sharp for the 50 mile trip down the highway. Depending on the size of the group, we may be able to set up patio dining at one

of the fine Mexican restaurants in town. After lunch, browse the antique shops, visit the Indian Pow-Wow being held that day, or tour the State Historic Park and one of the few original missions that is still an active church, established in 1797. There is an interesting walking tour of the town (brochure at the park) to view the historic buildings. Leave at your leisure for the drive back home on your own.

RSVP not required but we would like to know how many will be touring down with us. Contact Jerry or Pat Brick at 650/366-0127 or email jbbrick@yahoo.com.

Danville Hot Summer Nights Hot Rod and Classic Car Show 2009

July 23rd and August 20th.

Hot Summer Nights Car Shows -- A street party like no other, Danville's Hot Summer Nights Car Shows combine classic cars and camaraderie to create an evening of summer celebration. Downtown streets are lined with muscle cars, hot rods, and vintage rides dating back to 1969—some traditional and some sublime—while live bands play '50s and '60s music to people dancing in the streets. You can also browse the myriad of food, drink, and souvenir booths throughout, or stop off in one of the downtown shops or restaurants.

Admission is still the most affordable in the world of shows -- so far it's still only \$10.00! The shows are always on a Thursday -- from 4:00 PM until 9:00 PM. Vehicles must stay until closing. Staging will be at the San Ramon Valley High School on San Ramon Valley Blvd./Love Lane entry. There will be 15 "Random" awards handed out to the vehicles that the Danville Car Show Team likes the most. The Best Classics, Hot Rods, & Customs. Members of our team are real car lovers and we will pick cars we feel deserve recognition. To learn more, contact David Miller at 925/437-3649 or ezasugo@hotmail.com.

Marin Sonoma Concoeurs d'Elegance

May 17, 2009
 at the Marin County Fairgrounds
 San Rafael, California

The Marin Sonoma Concoeurs d'Elegance will bring to Northern California an event inspired by classic European auto shows. In the early years of the motor industry, after cars had developed reliability, auto makers began to focus on style. The first generation of designers was born, and shows called Concoeurs d'Elegance were created. Cars in these shows were judged solely on elegance of concept and design. At a typical American auto show of today, cars are evaluated mostly on condition. The Marin Sonoma Concoeurs d'Elegance will combine the European and American models of car shows by evaluating individual classes on interior, exterior, engine and chassis then selecting the *Best in Show* awards based on elegance and design.

Converj – The Cadillac of Electric Vehicles – Luxury Coupe Concept Continues GM's Leadership in the Electrification of the Automobile.

General Motors unveiled a further glimpse at the potential of electric propulsion today, this time in the form of luxury transportation, with the Cadillac Converj Concept. The Cadillac Converj was developed as a well-appointed grand touring coupe with a bold design and a host of interactive technology.

The four-passenger Converj concept is intended to show how GM's revolutionary electric propulsion technology - called Voltec - can power a luxury coupe with a typically Cadillac "no compromises" design. The technology enables up to 40 miles of gas - and emissions-free electric driving with extended-range capability of hundreds of miles.

Voltec - Innovative Propulsion Technology

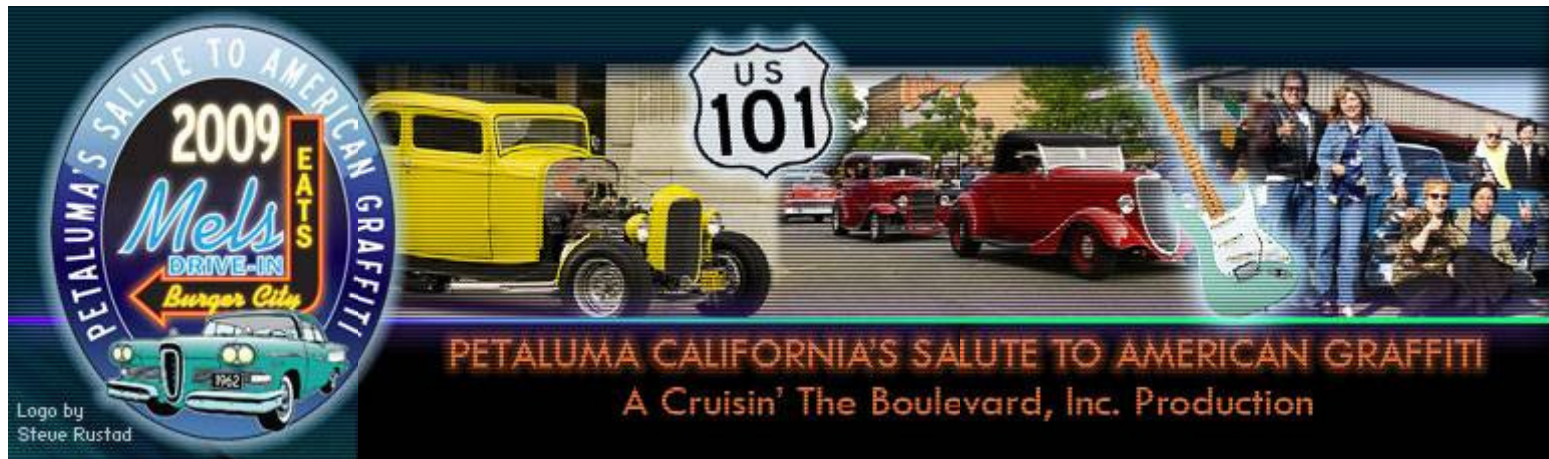

The Cadillac Converj's Voltec electric propulsion system is made up of a 16-kWh, T-shaped battery, an electric drive unit, and a four-cylinder engine-generator. It uses electricity as its primary source to drive the car.

A thermally managed battery pack contains more than 220 lithium-ion cells that provide the primary power to drive the Converj electrically up to 40 miles without using fuel or producing tailpipe emissions. The battery is integrated into the Converj's chassis and stores electricity from the grid when the vehicle is plugged in. It takes less than three hours to recharge the battery at 240V, or about eight hours from a 120V outlet.

When the battery's energy is low, the Converj seamlessly switches to extended-range mode. During this secondary level of operation, electricity needed to power the vehicle is created on-board by a flex-fuel-powered engine that operates much like a home generator to create electricity. The engine-generator ensures a constant supply of power for hundreds of miles until the car is refueled or plugged in to recharge the battery. This extended-range mode eliminates the range anxiety that comes with driving pure electric vehicles that offer no backup power when the battery charge is low.

May 14 -16, 2009 – 4th Annual Petaluma's Salute to American Graffiti

Join us each year in May as Cruisin' The Boulevard honors George Lucas' timeless, coming-of-age film, American Graffiti, most of which was filmed here in Petaluma in the early summer of 1972. Grab your favorite squeeze, jump into your hot rod, candy-colored screamin' machine or the family car for that matter, and cruise on back to the "happy days" of the '50s and '60s.

Petaluma's Salute to American Graffiti is a non-alcoholic community-wide celebration! It's family fun for everyone.... from boys and girls to grandmas and grandpas! Proceeds fund our Petaluma Save-A-Life Project, Henry Travers' Memorial Scholarships, Petaluma Museum American Graffiti Exhibit and other projects and programs that support arts, education, history, safety and welfare.

So, put on your poodle skirts, peggers, jeans, white sox and loafers, and come kick up your heels to our live rock 'n roll bands! Grab a root beer float, see if you can still hula hoop and check out all of the cool American classic cars and trucks cruising the same streets where the movie was filmed 35 years ago! As the Wolfman would say: Be there or be square baby!
