# CLC TOUR OF THE MILITARY VEHICLE TECHNOLOGY FOUNDATION

**Date: Saturday, March 19th, 2011**

**Time:** Leaving at 9:15 am sharp  
Our tour is scheduled for 10am at the Foundation

**Location:** Meet at Woodside Plaza shopping center, corner of Massachusetts and Woodside Rd (hiway 84) in Redwood City. There is a coffee shop in the plaza or coffee available at the Lucky Market. Park in the lot near the Wells Fargo Bank. We will be traveling a few miles south on 280 to Alpine Rd in Portola Valley, total driving distance about 10 miles.

We're going to have a guided tour of the Foundation buildings, formerly known as the Littlefield Collection. For those of you that haven't seen this collection before, it's really an impressive sight. The buildings are full of restored tanks, artillery, amphibious vehicles, missile launchers, and many other military vehicles. Mr. Littlefield passed away over a year ago and the collection is now a historic foundation. There is an admission donation fee of \$20 per participant (children under 12 and seniors over 65, \$10 each).

The tour will take about two hours and we will stop for lunch after the tour at the Alpine Inn in Portola Valley, well known in the area for it's burgers, beer, and large outdoor patio.

Note: This tour is limited to about 35 people so please confirm your attendance ASAP to save a spot. Old cars are always welcome but this is not a driving tour, so modern cars are perfectly acceptable. We've been told parking is limited at the collection, so carpooling is encouraged.

**HURRY CALL Now to RSVP** to Jerry Brick by March 10th , 650 366 0127 or email [jbbrick@yahoo.com](mailto:jbbrick@yahoo.com) with your count.

For more information on the tour, their website is [www.mvtf.org](http://www.mvtf.org) and there are also many great videos to see on their website.

# Disney Family Museum Tour

Date: Sunday, May 22, 2011

We'll meet at the museum at 11:00 am

The fascinating and inspiring story of Walt Disney, whose artistry, creations, and vision helped define 20th-century American culture, has been brought to life at The Walt Disney Family Museum. The 40,000 square foot Museum illuminates Walt Disney's tremendous successes, disappointments, and unyielding optimism as he pursued innovation and excellence while entertaining and enchanting generations worldwide through his pioneering ventures.

Inside the Museum, The stories of Disney's life, creativity, family, and the processes and innovations he brought to his art are told through a series of ten galleries. Highlights of the Museum include:

- Drawings Disney made in his youth
- Drawings and cartoons from Laugh-O-Gram Films, Disney's first company
- The earliest known drawings of Mickey Mouse
- Storyboards, a Disney innovation that map out timeless film classics
- The technically innovative multiplane camera that brought vibrancy and depth to his revolutionary feature film, Snow White and the Seven Dwarfs
- The unique Snow White Academy Award®, which includes a full-size Oscar® and seven miniature castings
- The narrow-gauge Lilly Belle train Disney built for his Hollywood home, which recalled his youth and helped spur his vision for Disneyland
- A 12-foot diameter model of the Disneyland of Walt's imagination

The tour of the museum takes approximately 1 ½ to 2 hours, depending on you, with tours starting every 15 minutes. Lunch will be on your own. There is a small café at the museum serving soup and sandwiches with prices for box lunches from \$10 to \$15. La Terrasse (located about 600 feet – easy walking distance - from the museum) <http://www.laterrassepresidio.com> offers casual but elegant French brasserie cuisine featuring classics with a contemporary California flavor. It also has an extensive cocktail menu. Prices range from \$10 to \$20.

There is plenty of free parking directly across the street from the museum (and at La Terrasse as well)

# For Sale

1940 LaSalle 52 Series Special 4 Door Sedan

This is a Bay Area beauty who has known only three owners and a pampered life in Northern California. She rolled off the assembly line and into history as one of the last of the LaSalle line. She is not only part of that limited 1940 production but remains in unrestored condition including the original wool herringbone mohair and leather interior. Featured in "Great Cars of the Forties" published in 1985 and in the San Francisco Chronicle Sunday section "My Ride" in September 2009. She has been lovingly maintained in driving condition. The 130 HP V-8 engine makes driving fun! And the answer is yes, this is Ray Menefee's LaSalle! He has provided the expert mechanic maintenance for all of the last 42 years, during his ownership and mine!

More photos available upon request. \$27,000. **Karol Hosking** San Rafael, CA 510-406-4816 or email [k.hosking@comcast.net](mailto:k.hosking@comcast.net)
